Grading Policy: LCC classes are designed to help students with disabilities in their credit recovery or in an instance where the student will benefit from more individualized instruction. Students must earn 2,000 points in their subject area to earn a credit.

Late Work Policy: Students work independently at their own pace. The completed points must be finished before the end of the quarter to receive a credit .

Syllabus: The Learning Choices Changes (LCC) program is designed to help students with disabilities meet graduation requirements of Hopkins High School. Students will work independently on their subject area at a level that is appropriate for their needs. In addition to core course requirements students will receive training and support with emotional difficulties, organization, and academic support of a mainstream classroom.
